

KONI SPECIAL ACTIVE FOR VOLKSWAGON GOLF MK 8 (VIII)

KONI continues to develop product to support demand and need in the market. Our team of product engineers work to match the ideal shock absorber type from the KONI range to provide the ultimate driving experience and satisfy the needs of the market.

The VW Golf 8 is another step in the evolution of the popular VW Golf. It is a car that performs well in many areas, KONI engineers saw potential to make it excel in the suspension area. We identified the car has hard damping at the front & rear, making the body very bouncy and restless. The steering control is immediate but when cornering the car has high body roll, which influences the overall comfort, confidence and driving experience.

To correct the comfort and body roll issues, as well as improve steering control and overall driving experience, KONI has developed a shock absorber for every user: KONI Special Active, KONI Sport and KONI STR.T.

SPECIAL ACTIVE

KONI Special ACTIVE is the next generation of premium shock absorbers that offer superior handling without compromising comfort. It is the latest advancement in the KONI product portfolio. Utilizing the most recent generation of KONI's patented Frequency Selective Damping Technology (ACTIVE Technology), it controls large body motions and cornering forces but smooths expansion joints and rough roads for improved comfort.

Special ACTIVE - Features and Benefits

- Technology proven on over 1.5 million factory equipped vehicles
- Secure and stable feeling for spirited driving
- Unrivalled aftermarket solution can be fitted to most new and older cars
- Driving refinement for cars, light trucks, SUVs, etc.
- Technology that rivals expensive electronic systems
- Performance for driver and comfort for passengers in one
- Improves safety and road holding

KONI SPORT

Features and benefits:

- Streetable ride quality and corner carving handling control
- Excellent choice for multi-use cars (Street, Autocross, Track, etc.)
- Best KONI shock for all performance lowering springs
- Double Adjustable and RACE valved versions available for key applications
- Limited lifetime warranty

KONI STR.T

Features and benefits:

- Complements stock or performance lowering springs
- Perfect for OE replacement or vehicle improvement
- Non-adjustable damping
- Limited lifetime warranty
