

KONI SPORT FOR 2017-2018 VOLKSWAGEN TIGUAN

KONI proudly introduces the Sport product line for the 2017-2018 Volkswagen Tiguan. KONI Sport adjustable brings improved ride and handling performance to Volkswagen's Tiguan with the ability to suit every driver's needs. Sport works well with factory and performance lowering springs.

SPORT

KONI Sport struts and shocks are the industry leader in externally adjustable damping, establishing the ultimate user control. By easily adjusting from KONI's vehicle specific baseline balance of comfort and performance up to 100% firmer, more aggressive handling and motion control, KONI Sport transforms the "daily driver" into the weekend track machine without hassle. With its very broad range of adjustability, KONI Sport is a great choice to upgrade a stock, original equipment (OE) suspension or when matched with lowering springs and other performance upgrades for better handling and a more aggressive look and road feel. KONI Sport carries a limited lifetime warranty as with most KONI products.
