

I have dreamed of ordering a Foxbody mustang since 1989 when my uncle purchased one. I fell in love with it the first time I saw it, and vowed to own one before I died! Last month I came across a great deal for my '88 and I jumped all over it...after 21 years I was finally able to own one of my "dream cars". The first person I contacted was my uncle, who now lives in Georgia. I sent him some pictures via text message. His '89 was stolen about ten years ago, so the sight of mine actually brought tears to his eyes! My son now tells all of his friends "when I turn 16 the Mustang is gonna be my car!" I have to make sure that I take care of it so that it lasts at least another 12 years so that he can own this fine Fox!
