

## NEW APPLICATIONS FOR 2014+ CORVETTE C7

The Chevrolet Corvette has long been hailed as “America’s sports car.” The current generation Corvette, introduced in 2014 and known as the “C7” chassis, has again raised the bar of performance. KONI’s new yellow painted, externally rebound damping adjustable KONI Sport shocks give the Corvette C7 owner further enhancements in ride quality and handling performance as well as the ability to tune for personal preferences, road conditions and street, autocross or track duty. The Corvette C7 means world class performance and KONI, the world leader in adjustable shocks absorbers, gives it that extra refinement and tuning to be even better.

Brand/Model	Year	Product	Front P/N	Rear P/N

### SPORT

KONI Sport struts and shocks are the industry leader in externally adjustable damping, establishing the ultimate user control. By easily adjusting between a soft comfortable ride setting to a more firm aggressive ride, KONI Sport transforms the “daily driver” into the weekend track machine without hassle. With its very broad range of adjustability, KONI SPORT is a great choice to upgrade a stock, original equipment (OE) suspension or when matched with lowering springs and other performance upgrades for better handling and a more aggressive look and road feel. KONI Sport carries a limited lifetime warranty as with most KONI products.

### About KONI

As a part of ITT Motion Technologies, KONI develops, manufactures and markets high performance shock absorbers for many types of private and commercial vehicles including street and racing cars, trucks, buses, RVs and military vehicles as well as railway rolling stock. ITT Motion Technologies is the world leader in the development and production of brake pads and friction materials for the transport and automobile industry. [www.koni.com](http://www.koni.com)
