

## KONI STR.T SHOCKS AND SUSPENSION KITS FOR 2015+ FORD MUSTANG

Ever since the Ford Mustang debuted over 50 years ago, KONI Shock Absorbers has been there - upgrading, tuning, and refining America's favorite pony car. KONI is excited to announce the addition of the 2015+ Mustang STR.T strut, shock and suspension kit applications to their long list of Mustang performance suspension offerings.

KONI STR.T entry level performance struts and shocks are specifically tuned to bring out the best of the latest generation Mustang. For tuners interested in added performance at a lowered ride height, KONI offers the new KONI + Eibach 1.125 Suspension Kits for the 2015+ Mustang. These kits contain properly matched Eibach Pro-Kit Springs and KONI STR.T dampers that create the perfect entry level performance package.

Brand/Model	Year	Product	Front P/N	Rear P/N	Kit P/N	Lowering Amounts	
<b>FORD</b>							
Mustang V8, V6, EcoBoost excl. GT350, GT350R & models with MagneRide	2015+	STR.T	8750 1112	8250 1039	n/a	n/a

Kit part numbers are a complete car-set. All other part numbers are per unit.

### STR.T

KONI's entry level performance line STR.T (pronounced "Street") shocks and struts bring improved performance and handling as well as KONI quality to the budget minded driving enthusiast enhancing performance at a value price point. The KONI STR.T product line is designed for excellent original equipment (OE) replacement or to complement other suspension modifications, including lowering springs. The KONI STR.T product line offers a limited lifetime warranty as with most KONI products.

### About KONI

As a part of ITT Motion Technologies, KONI develops, manufactures and markets high performance shock absorbers for many types of private and commercial vehicles including street and racing cars, trucks, buses, RVs and military vehicles as well as railway rolling stock. ITT Motion Technologies is the world leader in the development and production of brake pads and friction materials for the transport and automobile industry.
